DETAILED ACTION

Response to Amendment

1. In light of the changes made by the amendment to claim 13, the invention defined therein is now properly directed towards the combination of the program and a computer readable medium, so that the claim defines statutory subject matter. Therefore, the rejection of claim 13 under 35 U.S.C. § 101 is withdrawn.

2. The response filed 29 January 2010 failed to address the object to the drawings set forth in the previous office action. Corrected drawings are required to place the application in condition for allowance.

Drawings

3. The drawings are objected to because Figures 1, 2, 6 and 7 include unlabeled boxes/elements where the function(s) or operation(s) are unclear. Appropriate legends would aid in a better understanding of the subject matter illustrated in these figures and are required in accordance with 37 C.F.R. § 1.84(o). Corrected drawing sheets in compliance with 37 C.F.R. § 1.121(d) are required in reply to the Office action to avoid abandonment of the application. Any amended replacement drawing sheet should include all of the figures appearing on the immediate prior version of the sheet, even if only one figure is being amended. The figure or figure number of an amended drawing should not be labeled as “amended.” If a drawing figure is to be canceled, the appropriate figure must be removed from the replacement sheet, and where necessary, the remaining figures must be renumbered and appropriate changes made to the brief description of the several views of the drawings for consistency. Additional replacement sheets may be necessary to show the renumbering of the remaining figures. Each drawing sheet submitted after the filing date of an application must be labeled in the top margin as either

“Replacement Sheet” or “New Sheet” pursuant to 37 C.F.R. § 1.121(d). If the changes are not accepted by the examiner, the applicant will be notified and informed of any required corrective action in the next Office action. The objection to the drawings will not be held in abeyance.

Allowable Subject Matter

4. Claims 1-13 are allowed.

Conclusion

5. This application is in condition for allowance except for the following formal matters:

Figures 1, 2, 6 and 7 have been objected to as lacking necessary legends under 37 C.F.R. § 1.84(o), as pointed out more fully above.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 25 USPQ 74, 453 O.G. 213, (Comm’r Pat. 1935).

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
